

Samsung Machine Tools Available Exclusively from Dugard

SAMSUNG MACHINE TOOLS

Due to the enormous success selling machine tools internationally Samsung Machine Tools have decided to appoint Dugard as their exclusive agent for the UK, Europe, Russia and the Middle East.

The Samsung Machine Tool range has the reputation for being the highest quality machines from that part of the world, with highly competitive prices as an extra bonus. With an extensive range of turning centres featuring 6"~24" chucks, up to 3.2m between centres and mill/drill capacity as well as the option for sub spindle, C and Y axes, Samsung Machine Tools are an excellent choice for your business.

PL25MC Turret

PL25MC Chuck

Samsung machines are always in high demand so at Dugard we like to make sure we have healthy stock levels. From the smallest to the largest model, if they're in stock they're available for immediate delivery!

Samsung PL2500SY
(demonstrations online)

Most machines on our website have full brochures, with demonstration videos for various models (including the PL25MC, PL45MC, PL2500SY and a cutting demonstration for the PL35) - take a look here first then book your demonstration (or delivery!) with us today!

Samsung PL45MC
(demonstrations online)

If you have a look at our website you'll see it's had a complete facelift! We're working really hard to make sure it keeps getting better, including adding animations, 360° tours and interactive brochures to a number of machines, including the PL2500SY. Follow us on Twitter or subscribe to our YouTube channel to make sure you never miss an update.
